Minutes of Annual Meeting 1983 Town of Allenstown

The annual meeting of the Town of Allenstown was held on March 12, 1983. Meeting was called to order at 1:00 p.m. by William Smith.

Article 1 To choose all necessary Town Officers for the ensuing year.

This Article was taken care of on March 8, 1983. The results are known.

Article 2 To see if the Town will vote to adopt the following amendment to the Official Zoning Map:

"In addition to those areas already zoned Industrial, the following areas shall be added to the Industrial Zone:

1. All land east of River Road, within two thousand (2,000) feet of River Road, north of the intersection of River Road and Route 28;
2. March 31, 1977 Property Tax Map F5, Lot 1, including those portions of that lot shown on Property Tax maps E4 and F4;
3. All land between River Road and Route 28, subject to the following exception. Those portions of March 31, 1977 Property Tax map 13, Lots 32 through 51, which are not within five hundred (500) feet of Route 28, shall remain in the Open Space and Farming Zone. All distances from roads referred to in this section shall be calculated from the center of the presently paved portion of that road."

This Article was taken care of on March 8, 1983. The results are known.

Article 3 To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

A Motion was made by Gabriel Daneault and seconded by Linda Welch to accept Article 3 as read. Voted and passed.

Article 4 To see if the Town will vote to authorize its Selectmen to sell any real estate which the Town may have acquired by deed as a result of non-payment of taxes, and to authorize the Selectmen to give a deed in the name of the Town to the purchaser of such land.

A Motion was made by Linda Welch and seconded by John Welch to accept Article 4 as read. Voted and passed.

Article 5 To see if the Town will vote to give a one (1%) percent discount on all 1983 property taxes paid within fifteen (15) days after mailing of the tax bills.

A Motion was made by Roger Courtemanche and seconded by Jeannette Chevette to accept Article 5 as read. Voted and passed.

Article 6 To see if the Town will vote to adopt the following ordinance:

PARTY FOR HIRE ORDINANCE

Section One

Definition: A "party for hire," for the purpose of this ordinance, shall be defined as any gathering, regardless of the number in attendance, at which a ticket of admission is sold. The absence of a physical ticket of admission will not negate this ordinance. If attendance at a function is predicated upon the payment of monies and/or goods this section shall apply.

Section Two

Before such a gathering shall be permitted a permit to hold same must be obtained from the Selectmen's Office. In the absence of or with the permission of the Board of Selectmen, the Chief of Police may cause such a permit to be issued. Prior to the issuance of this permit the applicant must submit to the issuing authority a statement of compliance of the following prerequisites:

A. Sufficient sanitary facilities, either fixed, or portable, with a minimum of two (2) facilities per each fifty (50) persons in attendance.

B. The applicant for such permit shall be obligated to hire two (2) off-duty police officers for each one hundred (100) persons in attendance. These officers to be paid in cash, at the time that the permit is issued.

C. The applicant shall be held responsible to obtain any other permits as required by State Law.

D. The applicant shall be held responsible to ensure that alcoholic beverages are not dispensed to any person, at this function, under the legal drinking age.

E. If it is the intention of the applicant to sell alcoholic beverages he must first secure a "one-day liquor license" from the State Liquor Commission. Said license must be issued prior to any permit being issued by the Town of Allenstown.

Section Three — Live Entertainment

Nothing in this ordinance shall prohibit the use of so-called "live entertainment" by the applicant. However, live entertainment shall cease to perform one-half hour before sunset at which time any and all extraneous noise shall also cease.

Section Four — Miscellaneous Provisions

A. This ordinance shall not apply to family gatherings unless a ticket of admission, based on a percapita charge is made;

B. Those in violation of any section of this ordinance shall be closed forthwith;

C. The person in charge, applicant or grantee of a permit shall be held responsible for any and all losses incurred in the enforcement of this ordinance;

D. Prior to the issuance of any permit for a party for hire, the applicant will deposit with the Selectmen's Office the sum of Two Hundred (\$200.00) dollars as a partial bond against any loss incurred by the Town of Allenstown — said amount, minus any itemized deduction, shall be returned to the permittee within ten (10) working days following the termination of the permit.

Penalties

Whoever shall violate any provision of the foregoing ordinance shall be guilty of a violation and fined One Hundred (\$100.00) Dollars.

A Motion was made by Chief Connor and seconded by Roger Menard to amend Section Three of Article 6 as follows: "This section shall apply to live bands who are performing outside on public lands or within the confines of Bear Brook State Park. This section shall exclude live entertainment that is performing within the interior of any public building within the town." This amendment was voted upon and passed.

A Motion was made by Chief Connor and seconded by Roger Menard to amend Section One to read as follows: "Definition: A "party for hire," for the purpose of this ordinance, shall be defined as any outside gathering, regardless of the number in attendance, at which a ticket of admission is sold. The absence of a physical ticket of admission will not negate this ordinance. If attendance at a function is predicated upon the payment of monies and/or goods this section shall apply." Amendment voted upon and passed.

Upon Motion of the people Sgt. Hill was permitted to speak on this Article. Sgt. Hill spoke in favor of this Article being passed in order to control the so-called "rock concerts" and the problems associated with them in the past few summers. A Motion was made by James Boisvert and seconded by Donald Noel to accept Article 6 as read. Article 6, as amended, was voted upon by a show of hands, 35 yes and 25 no, and passed.

Article 7 (By Petition) To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty (\$150.00) Dollars for the purpose of installing and maintaining a street light at the corner of Granite Street Extension and Bunny Lane. (This Article is not recommended by the Budget Committee.)

A Motion was made by Joe Benninghove and seconded by Charles Currier to accept Article 7 as read. Voted upon and passed.

Article 8 (By Petition) To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty (\$150.00) Dollars each for the purpose of installing and maintaining two (2) street lights on Townhouse Road. (This Article is not recommended by the Budget Committee.)

A Motion was made by Don Colsey and seconded by Richard Gaumont to accept Article 8 as read. Voted upon and defeated.

Article 9 (By Petition) To see if the Town will vote to raise and appropriate the sum of Two Thousand (\$2,000.00) Dollars for the purpose of running a Summer recreation program for children in Allenstown. (This Article is not recommended by the Budget Committee.)

A Motion was made by Roger Menard and seconded by Al Levesque to accept Article 9 as read. Voted upon and passed.

Article 10 (By Petition) To see if the Town will vote to appropriate the sum of Ten Thousand Two Hundred (\$10,200) Dollars for the continuation of the Allenstown Recreation Park Project, this project to be matched 50/50 by Federal funding based on availability. (This Article is recommended by the Budget Committee.)

A Motion was made by Ernest Petrin and seconded by Roger Courtemanche to amend Article 10 by striking the words "based on availability." Voted upon and defeated. A Motion was made by Ernest Petrin and seconded by Roger Courtemanche to accept Article 10 as amended. Voted upon and amendment was defeated. Article was passed as written.

Article 11 (By Petition) To see if the Town will vote to raise, appropriate and expend the sum of Eight Thousand Nine Hundred Seventy Six (\$8,976.00) Dollars for the purchase of a new police cruiser equipped to state specifications. This vehicle will be purchased through the State bid and said monies to be expended from the capital reserve fund. (This Article is recommended by the Budget Committee.)

A Motion was made by Linda Welch and seconded by Raymond Hamel to accept Article 11 as read. Voted and passed.

BALANCE AMOUNT OF REVENUE SHARING: \$44,717.61

Article 12 To see if the Town will vote to appropriate the sum of Twenty Thousand (\$20,000.00) Dollars from the Federal Revenue Sharing Trust Fund for use as a set off against the budgeted appropriation of the Fire Department. (This Article is recommended by the Budget Committee.)

A Motion was made by Irene Boisvert and seconded by Richard Bilodeau to accept Article 12 as read. Voted and passed.

Article 13 To see if the Town will vote to appropriate the sum of Five Thousand Five Hundred Fifty Nine (\$5,559.00) Dollars from the Federal Revenue Sharing Trust Fund for use as a set off against the budgeted appropriation of the Town Hall. (This Article is recommended by the Budget Committee.)

A Motion was made by Joe Benninghove and seconded by Jeannette Chevette to accept Article 13 as read. Voted and passed.

Article 14 To see if the Town will vote to appropriate the sum of Nineteen Thousand One Hundred Fifty Eight Dollars and Sixty-One cents (\$19,158.61) From the Federal Revenue Sharing Trust Fund for use as a set off against the budgeted appropriation of the Police Department. (This Article is recommended by the Budget Committee.)

A Motion was made by Chief Connor and seconded by Joe Benninghove to accept Article 14 as read. Voted and passed.

Article 15 To see if the Town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Allentown and to the health and welfare of the people of Allentown. These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this Article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States.

A Motion was made by Pat Nardone and seconded by Ron Daviault to accept Article 15 as read. Voted and passed.

Article 16 To see if the Town will vote to accept the budget as submitted by the Budget Committee, or pass any vote in relation thereto.

A Motion was made by Irene Boisvert and seconded by Donald Noel to accept the amended budget in the amount of \$1,021,938.00. Voted and passed.

Article 17 To hear the reports of Auditors, Agents and Committees or of Officers heretofore chosen, and to pass any vote in relation thereto.

Article 18 To transact any other business that may legally come before said meeting.

A Motion was made by Roger Menard and seconded by Ron Daviault to adjourn the meeting at 2:15 p.m. Voted and passed.

The State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF ALLENSTOWN, IN THE COUNTY OF MERRIMACK IN SAID STATE, QUALIFIED TO VOTE IN THE TOWN AFFAIRS:

You are hereby notified to meet at the Allenstown Elementary School in said Allenstown on Tuesday the thirteenth day of March next, at ten o'clock in the forenoon to act upon the following subjects:

Article 1 To choose all necessary Town Officers for the ensuing year.

Article 2 To see if the Town will vote to adopt the following amendments to the Town's zoning ordinance:

Amendment No. 1. The first proposed amendment is to add to Section 202, special definition, the following:

- h. Condominiums. See cluster housing.
- i. Condominium conversions. An apartment building converted for the use and ownership of individual families.
- j. Cluster housing. Cluster housing is housing in a cluster development. A division of land into lots for use as individual residential building sites where said lots are arranged into one or more groups having area and yard measurements less than the minimum otherwise required by the zoning ordinance."

Amendment No. 2. To amend Section 301, Subsection by, deleting "Residential Zone" and replacing it with the following:

"B. Residential zones as follows: Residential Zone I being all that land in the residential zone served by either town water or town sewer and Residential Zone II being all that land in the residential zone served by neither town water nor town sewer."

Amendment No. 3. This amendment is to amend Article IV of the Zoning ordinance by adding to Section 402, the following:

"h. Cluster housing: For cluster residential development or residential development in a clustered concept, subject to dimensional and density requirements less than the minimum normally required in the particular district, the following conditions may apply:

1. The tract shall be at least five (5) acres in size and subject to approval by the Planning Board.
2. If developed strictly for one family detached residences the following conditions shall apply:
 - A. Each individual lot shall be subject to the yard requirements for one family detached dwellings in the residential zone with water and sewer;
 - B. The total number of proposed lots in the development shall not exceed the number of lots which could be developed under normal application requirements. For purposes of this section, it shall be assumed that a maximum of 80% of the total tract area could be utilized to meet lot area requirements;
 - C. The development shall be served by an adequate water system and by either the Town sewerage system or community system approved by the State Water Supply and Pollution Control Board;
 - D. At least 20% of the total tract area (of which 50% shall not be wetlands or over 5% slopeland) shall be set aside as common land and covenanted to be maintained as permanent open space in private or cooperative nonprofit ownership;
 - E. Such common land shall be permanently covenanted simultaneously with the Planning Board's approval of the final subdivision plan;
 - F. Such common land shall be restricted to open space recreational uses such as tot lot, park, playground, playfield, golf course, or conservation area and have suitable access to a street;

-
3. If developed for one-family attached and/or multi-family residence, the following conditions shall apply:
- A. Each individual lot shall have a minimum of 20,000 square feet plus 8,000 square feet for each dwelling unit;
 - B. The total land required for each building shall be 80,000 square feet plus 8,000 square feet for each dwelling unit;
 - C. The development shall be served by an adequate water system and by either the town sewerage system or community system approved by the State Water Supply and Pollution Control Board;

Amendment No. 4. To amend Article V, Section 501, regulating uses in the residential zone by deleting sub section d, which permits farms and gardens in the residential zone and insert in its place the following:

“d. Gardens when incidental to primary residential use but excluding any use injurious, noxious or offensive to the neighborhood.”

Amendment No. 5. Amend Article V, Section 503 (c) and (d) requiring that residential lots meet minimum requirements for frontage on “any one street” to require frontage on an “accepted street” by deleting Section 503 (c) and Section 503 (d) and inserting in their places the following:

- “c. Where town water and town sewer are available no lot shall have less than 100 feet frontage on any one accepted street, not an area of less than 10,000 square feet.
- d. If either town water or town sewer are not available, no lot shall have less than 200 feet frontage along any one accepted street, nor an area of less than 40,000 square feet.”

Amendment No. 6. To amend Article VI Section 601 which governs uses permitted in the business zone by adding the following:

- “r. Automobile sales.
- s. Sales of goods.”

Amendment No. 7. Delete all of Section 603 which lists uses not permitted in the business zone and insert in its place the following:

“Section 603. Uses not permitted.”

In a business zone, no land, building, structure, or premises shall be used for a coal yard, lumber yard, or for any other purpose injurious, noxious, or offensive to the neighborhood by reason of emission of odor, fumes, dust, smoke, vibration, noise or other cause.

Amendment No. 8. Amend Section 604 which governs dimensional restrictions in the business zone by deleting Section 604 (f), requiring frontage “on any one street” and inserting in its place the following new section 604 (f):

“f. No lot shall have less than 75 feet frontage on any one accepted street.”

Amendment No. 9. Amend Article VIII Supplemental Regulations, Section 810 to make Section 810 which presently applies to apartment houses also apply to one-family attached dwellings by amending the heading of Section 810 which presently reads “Section 810. Apartment Houses” to read:

“Section 810. Apartment houses and One-Family Attached.”

The wording of the rest of Section 810 is not changed by this amendment.

Amendment No. 10. To amend Article VIII, Section 811 regulating outdoor signs by deleting Section 811 and inserting “a height of not greater than 7 feet need not be set back more than 1 foot from any side or rear line.”

Amendment No. 11. Amend the heading of Section 813 which presently reads “Section 813. Mobile Park Regulations.” by adding the words “Mobile Home and” so that the first line of Section 813 shall read as follows: “Section 813. Mobile Home and Mobile Home Park Regulations.” This amendment does not alter or affect the language of the rest of Section 813 sub sections (a) through the end of Section 813.

Amendment No. 12. Amend Section 813 (a) (1) by deleting Section 813 (a) (1) and inserting in its place the following:

“1. Mobile Home: Mobile Home shall mean any vehicle or structure so designed that it is, or may be, mounted on wheels, whether demountable or not, and propelled or driven on highways or town streets by its own or other mode of power; and constructed in such a manner as will permit occupancy thereof as a dwelling or sleeping place for one or more persons and provided with a toilet and with either a bath tub or shower and intended to be used as a permanent dwelling unit.”

Amendment No. 13. Amend Article VIII, Section 813 (e) (1) dealing with location of mobile homes and parks by deleting Section 813 (e) (1) and inserting in its place the following new Section 813 (e) (1)

“1. Location: Mobile home parks may be located only in open space and farming zones and only by exception, upon approval of the Board of Adjustment, subject to such conditions as may be imposed by the Board of Adjustment. Mobile home parks shall be at least 200 feet distant from the nearest abutting property and at least 200 feet distant from the edge of the nearest public right-of-way as a buffer zone.”

Amendment No. 14. Amend Section 813 (e) (3) concerning space requirements for mobile homes by deleting Section 813 (e) (3) and inserting in its place the following:

“(3) Space Requirements: Each mobile home space shall be at least 200 feet wide and 200 feet deep, and shall abut on a public way with unobstructed access to a public street. Such spaces shall be clearly defined and mobile homes shall be so located that a minimum of 20 feet clearance exists between any part of the mobile home and the lot lines of the mobile home spaces. A. One utility shed and greenhouse not larger than 100 square feet with a height of not greater than 7 feet need not be set back more than 1 foot from any side or rear line.”

Amendment No. 15. Amend Article VIII Section 813 (e) (5) which prohibits location of individual mobile homes or trailers any where in Allentown except as permitted in Section 813 of the zoning ordinance by deleting Section 813 (e) (5) and inserting in its place the following:

“5. No individual mobile home or trailer shall be permitted in Allentown after the date of this ordinance except as permitted under Section 813 and 403 of this ordinance. It shall be further permitted to have an individual trailer or mobile home located in the Town of Allentown for a period not exceeding 14 days in any one 12 month period.”

Amendment No. 16. Amend Article VIII Section 813 (i) and (i) (1) which prohibits certain alterations and additions to mobile homes by deleting Section 813 (i) and Section 813 (i) (1).

Amendment No. 17. Amend Article VIII Supplemental Regulations by adding the following new provision:

“Section 817. Hazardous Uses Barred. The storage, treatment or disposal of nuclear, chemical or hazardous waste as defined in RSA 147-A:2 VII shall not be permitted in any zone in the Town of Allentown.”

Amendment No. 18. Amend Article IX Section 906 by deleting Section 906 and inserting in its place the following new Section 906:

“Section 906. Building permits. The issuance of a zoning permit shall precede or be in conjunction with the issuance of any building permit required by law. A building permit shall be valid for one year from the date of issuance provided that work is commenced under the permit within six months after issuance. Said permit may be renewed for a further period of one year. On new building “construction commenced” shall mean the completion at least of the foundation. After a foundation is constructed, buildings must be completed within one year unless the time is extended by the Building Inspector for good cause. All permits issued prior to the enactment of this amendment shall expire one year from the date of enactment of this amendment unless renewed under the above provision.”

Amendment No. 19. Amend Article XI Section 101 which provides for a fine of ten dollars (\$10) each day for zoning violations after conviction of a zoning violation in order to increase the fine up to one hundred dollars (\$100) for each day that the violation continues after conviction by deleting Section 1101 and inserting in its place the following:

“Section 1101. In addition to any other remedies authorized by law, in case any building or structure is erected, reconstructed, altered, repaired, converted, or maintained, or any building, structure or land as used in violation of this ordinance, the owner or owners of the building, structure or land, and any other person violating the provisions of this zoning ordinance may be punished by a fine of not more than one hundred dollars (\$100) for each day that such a violation continues after the conviction date not exceeding five hundred dollars (\$500) in accordance with the provisions of RSA 676:17.

Amendment No. 20. To amend Article IV which now contains two sections numbered 403. The first Section 403 concerns mobile homes. This amendment will not change that section. The second Section 403 concerns dimensional restrictions. In addition, there is already a Section 404 concerning dimensional restrictions. The amendment is to delete the section 403 that deals with dimensional restrictions and to add to Section 404 Dimensional Restrictions subsections a, b, and c so that Section 404 will read as follows:

“No building or structure shall be closer than twenty feet from any street, or closer than thirty feet from any rear or side lot line.

a. A swimming pool need not be set back more than fifteen feet from the rear lot line.

b. A garage accessory to a one or two family dwelling need not be set back more than ten feet from the rear lot line; and

c. A utility shed or greenhouse not larger than one hundred square feet with a height not greater than seven feet need not be set back more than one foot from any side or rear lot line.

Amendment No. 21. To amend Article III Section 305 which concerns nonconfirming uses by deleting Subsection d of Section 305 and inserting in its place the following:

“d. Restore to other than a conforming use after damage from any cause, unless the nonconforming use is substantially reinstated within two years.”

Selectmen/Allenstown

October 6, 1983

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1983 taxes on the basis of the following figures.

Net Assessed Valuation	\$40,246,843.00
Taxes Committed to Collector:	
Town Property Taxes Assessed	\$1,629,594.00
Precinct Taxes Assessed	
Total Gross Property Taxes	\$1,629,594.00
Less: Est. War Service Tax Credits	24,800.00
Net Property Tax Commitment*	\$1,604,794.00
 Tax Rate — Town	 40.49
Precinct	

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section, we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriation.

The net amounts approved for school, county and precinct are indicated below. These amounts are the total monies which should be transferred to each of these units of government.

Net School Appropriations	\$1,109,365.00
County Tax Assessment	120,715.00
Net Precinct Appropriation (1)	

In arriving at the above approved rate the Overlay has been set in the amount of \$45,366.00.

Very truly yours,
Lloyd M. Price, Commissioner

Department of Revenue Administration

Separate Tax Rates to be Printed on 1983 Tax Bills (RSA 76:11; 11-a; 13)

Town of Allenstown, New Hampshire

Unit of Government	Rate
Municipal	11.80
County	2.83
School	25.86
Combined Rate (Non-Precincts & Single School Districts — Town or Cities)	40.49

Amount of Taxes to be Committed (per official tax rate letter) \$1,604,794.00.

RSA 76:11 provides for delivery of the list (warrant) to the collector within thirty days of receipt of approval of the tax rate unless for good cause the time is extended by the department. The collector shall within thirty days after receipt of the warrant from the selectmen (assessors) send out the tax bills unless for good cause the time is extended by this department.

RSA 76:11-a Information Required. The tax bill which is sent to every person taxed, or his agent, if known, as provided in section II, shall show the rate of municipal, school and county taxes separately, and each bill shall also show the assessed valuation of all lands and buildings for which said person is being taxed. The 1982 rate breakdown reflects a proportionate share of the Reimbursement a/c Property Exempted by 1970 Special Session for each unit of government.

RSA 75:13 provides that interest at 12% per annum shall be charged upon all taxes except resident taxes not paid on or before Dec. 1, except that in the case where a tax bill was sent to a taxpayer on or after Nov. 2 and before April 1st, interest shall not be charged until 30 days after the bills are mailed. The collector shall state on the bill the date from which interest will be charged.

The tax bill which you mail must contain the date from which interest will be charged and this date is determined by the date you send the last bill on the list committed to you. RSA 76:13 also requires that you notify this department in writing of the date on which you send the last bill. There is enclosed a form for this purpose.

Department of Revenue Administration
Lloyd M. Price, Commissioner

Accountants and Auditors
171 North Main Street
Concord, New Hampshire 03301

To the Members of the
Board of Selectmen
Town of Allentown
Allentown, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Allentown, New Hampshire as of and for the year ended December 31, 1982, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

The Town has not maintained complete records of the Sewer Department's utility plant in service and, accordingly, related depreciation thereon is not included in the accompanying financial statement as required by generally accepted accounting principles. The Sewer Department expenses disbursements for inventory items in the period of purchase rather than the period of use as required by generally accepted accounting principles. The amounts by which the financial statements would change if inventories and depreciation were recognized, while material, cannot be determined.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the second paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Allentown, New Hampshire at December 31, 1982, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In our opinion, because of the effects of the matters discussed in the third paragraph, the financial statements of the proprietary fund type do not present fairly, in conformity with generally accepted accounting principles, the financial position of the aforementioned fund as of December 31, 1982, or the results of its operations and changes in its financial position for the year then ended.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Allentown, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

April 15, 1983

Allenstown Sewer Commission

To: Citizens of the Town of Allenstown
From: Board of Sewer Commissioners

The Board of Sewer Commissioners are pleased to submit their reports on the operation and maintenance of the Wastewater Plant and the Town Sewer System for 1983.

We are again happy to report that a .10 decrease in our rate structure was possible during this past year, and through the combined efforts of your Sewer Commission and Plant Superintendent, we are hopeful for a further decrease during 1984.

Our Treatment Plant costs have been shared with Pembroke during 1983 at a rate of 52.92% Allenstown and 47.08% Pembroke. These percentage shares for each Town are determined by annual total water usage.

We would like to invite you to attend one of our sewer meetings which are held on the first Tuesday of each month. We take this opportunity to thank you for the confidence placed in us and look forward to continuing to serve you to the best of our ability in the future.

Sincerely,
Your Sewer Commission
Charles H. Todd, Chairman
Michael Chroniak, Commissioner
Paul Girard, Commissioner

The Tri-Town Volunteer Emergency Ambulance Service, Inc.

To The Residents of Allentown:

1983 was a year of growth for Tri-Town Ambulance. Calls for assistance increased, the number of duty taking personnel increased from 14 to 20, and we had the most successful fund drive in Tri-Town's history.

In 1983 (January 1 - December 31) Tri-Town Ambulance received 798 calls for assistance. Of that total 28% were in Allentown, 45% were in Hooksett, and 27% were in Pembroke. The types of emergencies break down as follows: home medical emergencies 486 (61%), road emergencies 239 (30%), transfers (transport to/from area hospitals—non-emergency) 22 (3%) and other types of calls 44 (6%).

At the 1983 Town meeting, Tri-Town requested \$4,000 from each municipality—Allentown, Hooksett, and Pembroke. We received \$4,000 each from Allentown and Pembroke, while Hooksett raised our allocation to \$4,500. The cost to the residents of Allentown for each call in their town in 1983 was \$17.94.

In 1984, due to increased costs, Tri-Town Ambulance is requesting \$5,000 from each municipality.

Tri-Town Ambulance will be replacing one ambulance in late February, 1984. The new ambulance, a Yankee Lexington, will be the most up-to-date rig available. We are most fortunate to have the community support to enable us to purchase this vehicle with no liens. The 1983 Fund Drive saw an unprecedented income of close to \$19,000 all of which was allocated to the purchase of the new ambulance.

The Executive Committee and the members would like to thank the residents of Allentown, Hooksett, and Pembroke for their support. The three police and fire departments and Hooksett Dispatch Center are invaluable in the assistance and support afforded Tri-Town.

Tri-Town Ambulance has had to rely on the services of several commercial ambulance services because of a shortage of attendants available during the daytime hours. Qualified medical personnel who are available for day time duty are urged to apply for membership. If a resident is not medically trained, Tri-Town will assist in locating courses for any prospective members and will usually reimburse any cost to the member.

Tri-Town Ambulance personnel have seen an increase in the number of calls for transportation that are not emergency in nature. While we try to provide a superior service at no cost to the patient, we feel that the abuses of the system have increased significantly. We ask that the ambulance only be called for *medical emergencies*. Use of the ambulance to avoid waiting at the hospital ties up a crew and vehicle who are then not available for bona fide emergencies. This has occurred in the recent past months with disturbing frequency. Please also remember that while Tri-Town attendants *care* and truly enjoy helping their neighbors, we have families and our time is precious, too.

Tri-Town Ambulance is pleased to have attendants who are willing to continuously update the training and skills necessary to provide the best possible medical care. Tri-Town currently has 11 EMTs (some of whom are Advanced EMT), 4 Advanced First Aiders (with 3 currently enrolled in an EMT Course) and 5 trainees - all enrolled in EMT courses. Our attendants spend an average of 24 hours per week on duty, plus time for committees and training. We also have made an effort to visit all the schools in the area with our vehicles to acquaint the children with the ambulance and to ease the apprehension should a child ever need to be transported in an emergency. Tri-Town Ambulance personnel will speak at groups or schools whenever requested, if possible. As always, we are grateful to those residents who are already members and who donate their time to fulfill our objective—providing the best possible emergency medical assistance when needed, anytime of the day or night.

Tri-Town Volunteer Emergency
Ambulance Service, Inc.

Allenstown Police Department

TO THE CITIZENS OF ALLENSTOWN:

Once again the Police Department would like to thank you, the Public for your continued support and backing.

As you can see from the yearly statistics, it has been a busy year for the Police Department.

While most figures have gone in the right direction, a couple have not. In one area of increase is Burglary and Criminal Trespass. As we are well into the 1980's we are experiencing a nationwide problem, Burglary. As New Hampshire and Allenstown grow, so do their statistics. With house checks and alert neighbors I'm sure we can bring this rate down. This is an area where you can assist the Police Department. We at the Department would ask that you keep an eye open for your neighbors property. If you should see or hear anything out of the ordinary, like breaking glass, loud noises, or people hanging around that aren't usually there, feel free to call the police and report it.

Some people have stated they didn't know there was a Policeman on duty at the time. Rest assured, there is Police coverage in Allenstown 24 hours a day, 7 days a week. No call is too small. It may seem insignificant at the time, but your neighbor down the street may have experienced the same problem just recently. By reporting any questionable activity to the Police you can help bring down the crime rate.

The Police Department is also here to assist you with suggestions on securing your property. A lot of us take on the "it can't happen to me" attitude, when in fact, it can and does happen to us. If you should come home and find your house not as you left it, please go to a neighbor and call the Police so that we may check it out, and so that no one gets hurt. Precautions, such as lights on timers, radios and TV's on can save a lot of headaches later on.

You'll note the large increase on Suspicious activity. This is due to the increased public awareness, and it is listed as calls to where the officer responding has had to investigate, report on and do follow up calls. These calls can be anything from juvenile problems to neighborhood squabbles.

While our DWI arrest rate is down, our conviction rate in court is approximately 95% on a guilty finding. The Police Department will continue to try to keep the public ways in Allenstown safe for motor vehicle and pedestrians alike. This can be reflected in the increased traffic summons issued. While the accident rate is up, this statistic includes very minor fender benders, as well as major accidents with injury. Major accidents and injuries are down from last year.

Because our officers are taking advantage of the in-service schools put on by the State, at no cost to the Town, and other schools at the officers own expense, they are increasing their knowledge to keep up with the latest and most advanced techniques in law enforcement, and to refine old ones.

I am proud of the officers and their families, of the Allenstown Police Department. I would like to take this opportunity to express my appreciation to them for the many hours they have donated and the time this has taken them away from their families to do so.

We will continue to serve you, the public, to the best of our abilities and resources. May next year at this time show that, with your help, 1984 has been a safe and happy year for you and yours.

Sincerely yours
Norman H. Connor
Chief of Police

Concord Regional Visiting Nurse Association

Annual Report of the Town of Allenstown, New Hampshire

The Concord Regional Visiting Nurse Association, Inc. continued to service Allenstown for this past year. In the Home Care Program service is provided under a physician's plan of treatment to patients who are essentially homebound with diagnosed illness. This service is rendered by health professionals (Registered Nurses, Physical Therapist, Occupational Therapist, Speech Therapist, Nutritionist) and paraprofessionals, (Homemaker/Home Health Aides, Home Assistants) according to the patient's and family's needs. Hospice care is provided to patients in the last six months of terminal illness. The Health Promotion Program has services (child health, family planning, screening) that are provided to low income/high risk patients and families in group settings, such as clinic and screening sites.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Allenstown may request service; patient, doctor, health facility, pastor, friend or neighbor. Patients are also referred by other agencies. All requests are answered, but continuing home care can be provided only with a physician's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 9 p.m., seven days a week is all that is necessary to start services or make inquiries. Hospice staff are on call (224-4093) 9 p.m. to 8 a.m.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for those unable to pay the charge if that person has no other funding source available. However, for fee scaling, federal regulations require a financial statement to be completed and a fee appropriate for which the patient will be responsible. Town monies subsidize those visits that are scaled or that no fee is collectible.

This Agency is accredited by National League for Nursing and American Public Health Association Certified for Medicare and as a member agency of Community Health Care Association and United Way of Greater Concord.

Visits made during the year beginning October 1, 1982 to September 30, 1983 were:

	<u>No. of Clients</u>	<u>Visits</u>
Home Care	67	1,402
Health Promotion	147	1,124
Flu/Immunization Clinics	83	

December 1, 1983

Central New Hampshire Regional Planning Commission

The Central New Hampshire Regional Planning Commission has been in existence since 1970 and during this period has continued its involvement in studies of both a regional as well as a local nature. The Commission acts as an advisory body to its member municipalities and as such is often invited to participate in local planning projects.

In addition to the traditional planning, zoning and ordinance assistance offered, we are continually working to develop new ways to help our member communities, and to expand our services into those areas that have the greatest need. As in the past, we urge full participation by our member communities in the affairs of the Commission, and encourage questions and comments to be directed to the Commission office in Concord.

The Commission hopes to be able to continue to serve the needs of its member municipalities in the future, and fully appreciate the past support of its activities by the Town of Allenstown.

Respectfully submitted,
Charles H. Todd
Robert Plourde
Representatives to the Commission

Town of Allenstown Recreation Department

To the Resident Taxpayers of Allenstown:

I was appointed head of Allenstown Parks & Recreation, by the Allenstown Selectmen in October 1982. I am pleased to report that in the past year, we have made encouraging progress in upgrading our programs and facilities.

1983 saw the first year Allenstown Recreation began to partially fund the Summer Recreation Program. The program was very successful. We hope in the future to totally fund the program, my sincere thanks to Ms. Joann McDirmid and Ms. Sandra Tremblay and their staff for making the program a success.

I am pleased to report that Allenstown has been accepted to receive matching Federal Funding to continue the Allenstown Recreation Park.

Allenstown Recreation donated to many of the privately run Community programs such as the Suncook Little League, Girls Softball, Suncook Rod & Gun Fishing Derby for children and senior citizens, the Suncook Men's softball and Tri Town Football League.

My sincere thanks for your support
Ron Adinolfo

Minutes of the Allenstown School District Meeting

The Allenstown Annual School District Meeting was held on Friday evening, March 4, 1983, at the Allenstown Elementary School. In attendance were all officers of the Allenstown School District, members of the school administration, as well as approximately twenty-five qualified voters of the town of Allenstown.

The Moderator, William Smith, called the meeting to order at 7:00 p.m. The meeting proceeded according to the Article presented in the *Allenstown Town Report*, for the year, 1982.

Article 1 To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

The Moderator requested that we pass over and take motion on this article after Article 6 has been reviewed.

Article 2 To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

There were no committee reports to be presented.

Article 3 To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed \$49,000, to be obtained from the Federal Government or other sources that may make such funds available to the District: provided that the School District will be thereby required to raise any money by local taxation in this or subsequent years as the result of such expenditure of \$49,000. This article was recommended by the Budget Committee.

A motion was made by John Welch and seconded by Roger Letendre to accept this article as read. There was no discussion on this article, and it was declared passed on a voice vote.

Article 4 To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1983-1984 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

A motion was made by Roger Letendre and seconded by John Welch to accept this article as read. There was no discussion on this article, and it was declared passed on a voice vote.

Article 5 To see if the District will vote to raise and appropriate the sum of \$27,765.29, which represents the cost items as set forth in the latest collective bargaining agreement with the Allenstown Education Association for the 1983-1984 fiscal year. This article was recommended by the Budget Committee.

A motion was made by Roger Letendre and seconded by Joan Menard to accept the article as read. There was no discussion on this article, and it was declared passed on a voice vote.

Article 6 To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries and benefits for School District officials and agents, and for the payment of statutory obligations of the District.

A motion was made by Roger Letendre and seconded by Joan Menard to accept the budget amount recommended by the Budget Committee, which was \$1,804,052. George Auger requested that the budget be read line item by line item. There followed a discussion on the various line items of the School District Budget.

-
- 1100 Regular Programs. A question was asked about the number of classrooms in the Allenstown School system. According to Frank Danieli, School Board Chairman, there are thirty classrooms.
- 2310-870 Contingency Fund. Discussion ensued regarding the elimination of the Contingency Fund. Mr. Danieli pointed out that this was established for emergency repairs to the school.
- 2540 Operation and Maintenance of Plant. Reduction of this line item by \$7,900 means that repainting the gym, paving, and installation of security doors will be postponed for this year. This reduction represents approximately 25¢ on the tax rate.

After the discussion this article was put to a vote, and by a voice vote the amount of \$1,804,052 was declared passed.

Article 7 To see if the Voters of the District will vote to authorize the School Board to accept gifts and donations on behalf of the School District.

A motion was made by Vicki Kneeland and seconded by Vivien Doane to accept this article as read. There was no discussion and the article was declared passed by a voice vote.

Article 8 To choose agents and committees in relation to any subject embraced in this warrant.
No need was expressed to choose agents or committees, so none were chosen.

Article 9 To transact any other business that may legally come before said meeting.

A discussion ensued regarding the elimination of Sweepstake funding for this fiscal year. It was pointed out by Mr. Danieli that if Education was funded according to the intent of the Sweepstakes legislation, the tax rate could be lowered by approximately \$14. John Welch asked if there was some way that the School District Meeting could send a message to the State regarding the wishes of the Meeting for full funding.

Vicki Kneeland proposed the following resolution, which was seconded by Vivien Doane. The resolution passed unanimously on a voice vote.

RESOLVED: The School District Meeting be recorded as favoring the return of Sweepstakes Funds for aid to Education.

A copy of this resolution is to be sent to the Allenstown Legislators and to the Governor.

A motion was made by Roger Letendre and seconded by Richard MacNamara to adjourn. The Moderator declared the Meeting adjourned at 7:50 p.m.

Respectfully submitted,
Patricia Nardone, School District Clerk
RFD 1 Box 3
Suncook, New Hampshire 03275

Allenstown School District Warrant

The State of New Hampshire

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF ALLENSTOWN IN THE COUNTY OF MERRIMACK QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Allenstown Elementary School in said District on the 9th day of March, 1984 at 7 o'clock in the evening to act upon the following subjects:

1. To see if the District will vote to authorize the School Board to accept gifts and donations on behalf of the School District.
2. To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed \$47,000.00 to be obtained from the Federal Government or other sources that may make such funds available to the District; provided that the School District will not be thereby required to raise any money by local taxation in this or subsequent years as the result of such expenditure of \$47,000.00. (Budget Committee recommends approval)
3. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District Meeting, money from the state, federal, or other governmental unit or a private source which becomes available during the 1984-1985 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.
4. To see if the District will vote to authorize the Treasurer, with the approval of the School Board, to appoint a Deputy Treasurer.
5. To see what sum of money the District will raise and appropriate for the additional cost items as set forth in the latest collective bargaining agreement with the Allenstown Education Association for the 1984-1985 fiscal year.
6. To see if the District will vote to approve the long term contract, should such an agreement be achieved, negotiated by the Allenstown School Board and the Allenstown Education Association.
7. To hear the reports of Agents, Auditors, Committees, or Officers chosen and to pass any vote relating thereto.
8. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
9. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents and for the payment of statutory obligations of the District.
10. To choose Agents and Committees in relation to any subjects embraced in the Warrant.
11. To transact any other business that may legally come before said meeting.

Given under our hands and seal this day of February 23, A.D. 1984

School District Audit

August 16, 1983

The School Board
Allentown School District
Suncook, New Hampshire 03275

Members of The Board:

We have examined the financial statements of the various funds and account groups of the Allentown School District for the year ended June 30, 1983 and have issued our report thereon, dated August 16, 1983. As part of our examination we reviewed and tested the District's system of internal accounting controls to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon to determine the nature, timing and extent of such auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

Payroll Procedures

The School District has improved its payroll procedures to include separation of duties and some standardized personnel forms.

Other

The objective of internal control is to provide reasonable but not absolute assurance as to safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurances recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect to the estimates and judgments required in the preparation of financial statements. Further projection of any evaluation of internal accounting control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the District's system of internal accounting control for the year ended June 30, 1983 which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system.

The following conditions, while not material weaknesses in internal accounting control merit your consideration.

1. Inventory of Fixed Assets

As in the practice with many New Hampshire School Districts, the Allenstown School District has not maintained a record of its fixed assets. In order to adequately maintain control of its existing fixed assets, we recommend the District cause an inventory of these assets as soon as practical. As part of their long-term policies, District officials should initiate fixed asset records. Cost or consideration given is the general accepted method for valuing fixed assets, and should be recorded on all new acquisitions. Where adequate documentation of cost is unavailable for existing fixed assets, an estimate of the original cost is an acceptable standard under accounting principles for governmental entities. The existence of fixed asset records will not only aid District officials in their control of these assets, but should be an invaluable tool in long-range planning.

2. Expenditures

During our review we noted that several invoices were not effectively cancelled so as to prevent their reuse. In addition, all invoice footings and extensions should be reviewed before approval.

3. School Lunch Sales

Very little control exists over School Lunch Sales receipts. We recommend that the District investigate the feasibility of implementing control mechanisms at the point of sale.

4. Student Activity Funds

Included in the Student Activities Funds is the athletic account, sums are transferred from the General Fund to this account and individual checks are issued from the athletic account to referees and umpires at the time the games are played. This activity should be accounted for under the General Fund.

5. Treasurer's Surety Bond

It was noted that the Treasurer's Surety Bond is in the amount of \$20,000. The gross receipts and expenditures amounted to an excess of \$1,526,000 for the year or an average of \$127,000 per month. It is recommended that consideration be given to increasing this bond.

Publication Requirement

The provisions of R.S.A. 71-A:21 require that only this letter shall be published in the next annual report of the School District.

However, we suggest that you consider the publication of the entire report which includes auditor's opinion, financial statements and notes to financial statements. No portion of either the auditor's opinion, financial statements or notes to financial statements may be published separately.

We extend our thanks to the officials and employees of Allenstown School District for their assistance during the course of our audit.

Very truly yours,
Brent W. Washburn, CPA

Report of the Superintendent of Schools

A great deal of public attention has recently been given to a report prepared by the National Commission on Excellence in Education entitled, "A Nation At Risk." That document reported powerfully that "The educational foundations of our society are presently being eroded by a rising tide of mediocrity." It went on to say that, "Our society and its educational institutions seem to have lost sight of the basic purposes of schooling, and of the high expectations and disciplined effort needed to attain them." While most of the report addressed itself to high school programs and students, there were several findings and recommendations about elementary and middle grade programs and practices.

As those of us responsible for the administration of the Allentown School District compared the situation within our schools with the findings and recommendations of "A Nation At Risk" it became apparent that our student and teachers are demonstrating better performance than many of their counterparts. Virtually all of our classes are scoring above national averages on the Stanford Achievement Test which measures student achievement and performance. Our teachers are working well on our continuing curriculum evaluation and development efforts. I believe that these efforts on the part of the staff are helping us to improve the academic program we present to students.

The Kindergarten Program, begun with the 1983-1984 school year, has been well received by parents. We believe that this program will be of tremendous benefit to these students.

The Authorized Regional Enrollment Area (A.R.E.A.) contract with Pembroke Academy has several years to go. Academy staff have worked well with staff from our district to make sure that students have a smooth transition to the Academy. Academy officials have encouraged students to take increased course loads in order to gain more from the high school experience. Some statistics on that topic may be of interest to you. In 1981, 44% of Academy students took only four courses per semester. Now, only 4% take four courses. In 1981, 4% of Academy students took six courses per semester. Now, 31% take six courses. All class enrollments are carefully monitored to make sure that appropriate programs are offered. Since approximately half of the students who attend Pembroke Academy end their formal education upon graduation from the Academy, our contract with the Concord Regional Vocational Center is an important one. That arrangement is working well. Almost without exception our students are being enrolled in their first choice program and are performing well in those programs. Again, I believe that these arrangements are working very well for our students.

Principal Eric Knowlton resigned to take a similar position in Maine at the conclusion of the 1982-1983 school year. I call your attention to the very fine job Eric did for us while he was here. A lengthy screening and interviewing process, participated in by parents, teachers, students, and other citizens, resulted in the hiring of Ms. Deborah Brooks and Ms. Kathleen Sciarappa as New Hampshire's first "job-sharing" principals. Each woman works approximately two and one half days per week and devotes the remaining time to her family. Ms. Brooks and Ms. Sciarappa have made an excellent start in their new job. Credit should be given to the community, School Board, and staff for considering and accepting innovative practices in attempting to hire the best qualified principal possible for our schools.

As of this writing, Allentown's lawsuit with six other school districts, against the state of New Hampshire for its current method of funding public education, is not settled. Several delaying tactics have been used and we do not know when the Supreme Court will decide the case. We remain hopeful that a decision on this case will help the funding of our school program.

Centralized special education programs, planned and supervised by SAU Special Education Administrator, Jaclyn Adams, are delivering specialized, cost effective services for many of our students.

The SAU central office has made several improvements in its financial management practices. Assistant Superintendent of Schools Patsy Baugh did an excellent job of formalizing and writing a "Business Practices Manual" which clearly outlines all procedures relative to the district's finances. This decreases the likelihood of error and means that staff and accounts are paid promptly and accurately. In addition, Ms. Baugh developed an accurate monthly schedule of payments from the Selectmen to the School District in order to save interest charges on borrowing money. This concept has been well received.

Parents, who are each child's first teachers, continue to be very helpful to and involved in the life of the school. Since we all share the same goal — that of giving each child the best possible educational program we can with the resources made available to us — parental concern, interest, and involvement are key ingredients to our being helpful to each other on behalf of children.

Finally, I wish to call to your attention, the really hard work and excellent support given to the district by the School Board. Their efforts, unseen by most citizens, have a great deal to do with the success of the school program. As 1983 came to a close, Mrs. Deidre Prescott resigned from the Board due to a change in employment. Mr. Ernest Coulombe was appointed by the Board to fill Mrs. Prescott's position until the next election. You are fortunate as a community to have such people working for you.

Respectfully submitted
George I. Blaisdell

Report of the Principals for 1983-1984

This has been a year of transition as Principal Eric Knowlton brought one academic year to a close and Principals Deborah Brooks and Kathleen Sciarappa opened the current school year. The transition was a smooth one and the co-principals, working with the superintendent, school board and faculty, devised an "Entry Plan." This plan established clearly defined administrative goals for the year. These goals include: developing a comprehensive curriculum; working with staff and students; enhancing community relations and managing the school budget. As the year closes, progress in these goal areas, will be evaluated and new goals will be established for the future.

We've made great strides in curriculum development this school year! Several years ago, questionnaires were distributed to Allenstown parents asking for evaluations of math, science, language arts and social studies. The responses provided basic direction for curriculum development in Allenstown. Presently, Gail Wright, Chair of the Math Committee, Carolyn Elliott, Science Chair, Janice Kenney, Language Arts Chair and Joyce Lockwood, Social Studies Chair are working with committee members to update, coordinate and expand our course of study. Anne Donovan and other members of our Special Education Staff are modifying curriculum so that slower as well as talented students may be appropriately challenged. Our new Five Year Plan, which is subject to yearly revision, establishes long range curriculum goals. These goals relate directly to our annual budget process.

The reorganization of personnel, students and physical space has upgraded the quality of school life. At the Armand R. Dupont building, sixth graders have blended quite well into seventh and eighth grade schedules. The younger students will remain together most of the day but they now enjoy instruction from upper level teachers. At the elementary building the kindergarten students, under the direction of their teacher, Edythe Danieli, have experienced enormous success! With a firm and early foundation these children will enjoy bright futures in school. Students from both buildings have progressed quite well under the direction of Cynthia Chase, our new music teacher.

We applaud the members of our Pupil Placement Team and the many classroom teachers who are teaching children with special needs. The mainstreaming concept, which encourages special needs children to interact with their peers, has worked well in Allenstown.

Fortunately, the elementary building has been used steadily after school hours. Members of the community enjoy aerobics instruction in the gym, receive training in first aid and hold community meetings in our newly developed media center on the second floor of the elementary building. Our urgent need for storage space has been solved through the efforts of Sandy Tremblay, Physical Education teacher and Bob Suprenant, Assistant Principal. The dollars for the storage addition came from supportive members of the community who contributed to numerous fund raisers.

The community has been a great support to the schools! Last year's eighth grade class earned \$8,000.00 to finance a trip to Washington, D.C. This year's class hopes to earn their fares for a Montreal trip. We're also pleased with the school volunteers who come weekly to assist teachers and children in the classroom. These volunteers really make a difference.

As leaders in education, we bear the responsibility of preparing youngsters for the future. Computers will undoubtedly gain steady acceptance in the years ahead. We therefore keep our nine microcomputers, purchased with Block Grant funds, as busy as possible. Children are taught how to operate the computers and then begin practicing skills computers can teach.

Our futuristic orientation also supports the notion of Career Awareness Day. This is an opportunity for more than sixty speakers from the Suncook area to discuss their occupations and the criteria for obtaining similar jobs. The increasing demand for higher mathematics skills led to the development of an Introduction to Algebra class at the Armand R. Dupont building. Reports from Pembroke Academy indicate Allenstown students are excelling as a result of this course.

Allenstown can take special pride in two notable achievements this past year. We received praise from the Commissioner of Education, Robert Brunelle, for our Education Fair. This program was nominated as a Successful Practice in New Hampshire Schools. The program involved having teachers sponsor enrichment activities for students. We also applaud our two Olympics of the Mind teams who, under the direction of Anne Donovan, earned third place in the state competition in Durham, N.H. This year, we've added talented elementary youngsters, under the direction of Katherine Mitchell, to the Olympics of the Mind team. We encourage youngsters of all abilities to reach their full potentials.

Respectfully submitted,
Deborah Brooks
Kathleen Sciarappa
